# RENEWABLE DIESEL & PROPANE

Businesses throughout the Pacific Northwest are choosing renewables for cleaner, more sustainable, operations. This 'clean diesel' and sustainably-sourced propane meet many of the environmental regulations and goals of your corporate customers.

*"While Titan supports a thriving R99 market for the benefit of all, I would recommend Christensen for competitive prices, service, and support of our sustainability goals."*

**JASON ALTAMIRANO** – COO & VP, Titan Freight Systems, Inc.

# WHAT IS R99?

## NOT YOUR TYPICAL BIOFUEL.

It is produced from renewable feedstock, but refined through an advanced hydrotreating technology that removed impurities to get superior fuel quality and a product that is chemically similar to petroleum diesel.

### IMPROVED PERFORMANCE

Superior lubrication, cleaner combustion, and minimal engine deposits compared to biodiesel

### ZERO INVESTMENT

Compatible with existing diesel engines and infrastructure, no modifications or special storage is needed

### SUSTAINABLY SOURCED

R99 meets many renewable standards, and is expected to become more available as renewables increase through 2030

# R99

## RENEWABLE DIESEL

*“Switching to R99 solved our truck’s regen issues—no more urgent services, manual regens, or replacing DEF sensors. R99 has cut maintenance costs and downtime, so we’re sticking with it.”*

UNITED  
SHIPPERS

ALEX SAK – Operations Manager, United Shippers

# CHRISTENSEN DELIVERS MORE THAN PRODUCTS

We're problem solvers and efficiency experts

**FUELS:** Unleaded, diesel, dyed diesel, bulk delivery, on-site fleet fueling, and portable fuel cubes.

**RENEWABLE DIESEL (R99):** An eco-friendly, high-performing alternative fuel.

**EXPERT OIL ANALYSIS:** Leak-checks and expert evaluations to avoid waste and downtime.

**LUBRICANTS, GREASES, OILS & MORE:** Products that meet the needs of your equipment, warranties, and mechanics.

**FOOD-GRADE OIL:** Colorless, odorless, tasteless lubrication.

**DEF AND COOLANTS:** Warehouse essentials to keep you moving.

**PROPANE:** Delivered where needed, with cellular tank monitoring for convenience.

**AWARD-WINNING TOOLS:** Access tank levels, generate reports, monitor fuel usage, and make data-driven decisions through our free customer portal tools, on desktop and mobile.
