

# STREAMLINE YOUR OPERATIONS

Equip yourself and your team  
with powerful online features  
using the Christensen customer  
portal and mobile app

## FEATURES DEVELOPED BY CUSTOMER DEMAND

We listened to our customer's challenges to develop our most popular features.

## DATA ON DEMAND

Quickly and easily find the info you need from your desktop or mobile phone. Our Customer Portal and Mobile App are powerful, but easy to use.

Business owners, Managers, and Operations can see tank levels and estimated run outs, track a delivery, or click to request a refill with a couple clicks.

Accounting and administrative teams can stop tracking down paper slips and lost emails with the ability to pull custom reports, see old statements, and view invoices with the ability to pay online.

*Your partner for today, and  
your growth for tomorrow.*

### TANK MONITORING

Have fuel, propane, or lubricants in bulk? See your tank levels and estimated run out time. No guessing or using measuring sticks.

### E-RECEIPTS

Eliminate paper slips and email forwarding with delivery tickets to your inbox. Managers, Purchasers, and Accounts Payable can all receive the same receipt, simultaneously.

### REPORTS

Access cost reports, including product specific data, transaction details, tax breakdowns, and more in Excel or CSV formats. Vital for companies with job costing, propane usage audits, and busy AP teams.

### ONLINE PAYMENTS

Give your busy AP team the power to pay online with a one-time payment or recurring payments saved in your secure portal.

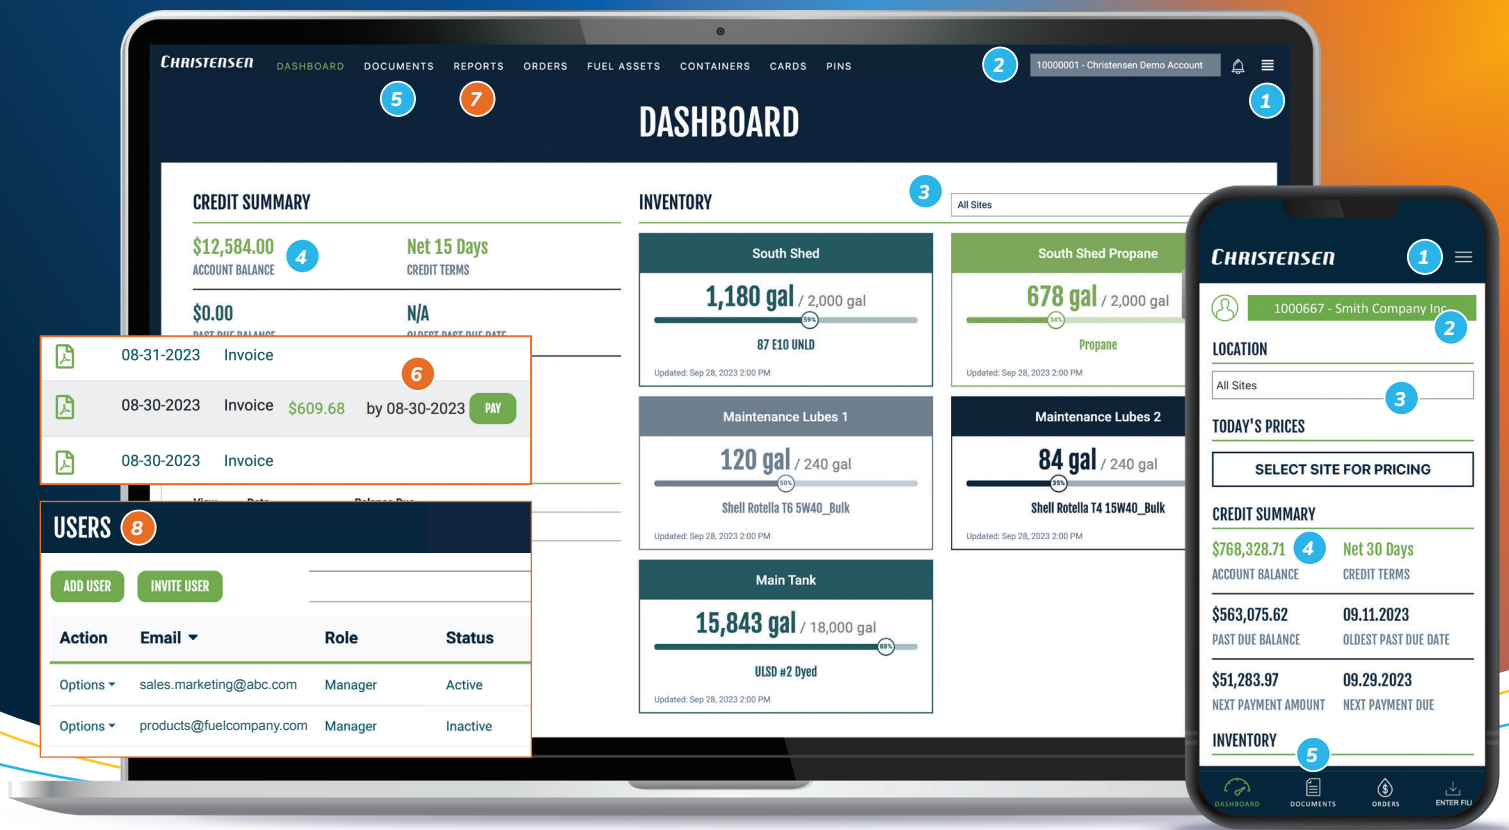

### FUEL TRACKER

Complete transparency: Track fuel usage from slip tank to end use for job costing, equipment efficiency, or preventing misuse. Ask your Christensen rep if this powerful feature is right for you.

### LUBE TRACKER

Monitor lubricants or non-tank liquids in totes & barrels. Ideal for assisting operations in liquid inventory, or helping to identify efficiencies or leaks.

# CUSTOMER PORTAL & APP

## SETUP YOUR ACCOUNT

Visit [pages.christensenusa.com/portal-new-user](https://pages.christensenusa.com/portal-new-user) or request access from your Christensen rep. You will need your account number. Please allow up to 48 hours to process.
